Title: Response Matrix

OPERATIONAL POLICIES

Policy: 09-401

Issued By: F/C Spiegel

PURPOSE

Provide a response matrix for North Berrien fire Rescue Department members to utilize when determining the specific response to calls for service.

GUIDELINE

The Response Matrix (Appendix 09-401) provides the “running order” for various types of calls that North Berrien Fire Rescue Department may be required to respond to. The matrix will help provide standardization and guidance to the firefighters and the dispatch personnel when responding to an incident.

It is the intent of the policy to provide the structure to the potential response; however, the Dispatcher and / or the Incident Commander may alter the response based on information provided to them.
